

Keep your cool in the heat

Hot summer temperatures can increase the need for cooling and raise energy use. Here are a few ways to stay comfortable, manage energy use and help lower summer bills.

1. Chill out at a Cool Zone. Find one near you at sdge.com/Cool-Zones.
2. Your stove and oven can give off a lot of heat so grill outdoors or make meals that don't require heat like sandwiches and salads.
3. Run dishwashers, washers and dryers before 4 p.m. or after 9 p.m. when electricity costs less for most customers.
4. Ceiling and portable fans can help you stay comfortable while relying less on air conditioning.
5. Take advantage of lower-priced energy and pre-cool your home before 4 p.m. During on-peak hours of 4 p.m. to 9 p.m., adjust your thermostat to 78°, health permitting.
6. Keep blinds and curtains closed during the hottest parts of the day to block out direct sunlight and reduce indoor temperatures.
7. Close doors and vents in rarely used rooms to keep cool air where you need it most.
8. Weatherstrip and caulk drafty doors and windows to keep cool air in and save on cooling costs.
9. Save energy and money by running full loads in dishwashers and washing machines.

MONTHLY ENERGY TIP

Clean out your dishwasher

When the spray arm on your dishwasher is clogged, it can reduce efficiency and lead to higher energy use.

Proposition 65 warning

SDG&E is a regulated public utility that provides energy service to 3.7 million people through 1.49 million electric meters and 905,000 natural gas meters in San Diego and southern Orange counties. Our service area spans 4,100 square miles. For a map of our service area, go to sdge.com/about-us.

Natural gas and treated wood utility poles are used throughout our service area. In accordance with Proposition 65, the following warnings are provided:

Natural gas combustion

WARNING: Entering this area can expose you to chemicals including formaldehyde, which is known to the State of California to cause cancer, and carbon monoxide, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65warnings.ca.gov.

Treated wood utility poles

WARNING: Entering this area can expose you to chemicals including pentachlorophenol, which is known to the State of California to cause cancer. For more information go to www.P65warnings.ca.gov.

Advertencia de la Proposición 65

SDG&E es una empresa de servicios públicos regulada que ofrece servicio de energía a 3.7 millones de personas a través de 1.49 millones de medidores eléctricos y 905,000 medidores de gas natural en los condados de San Diego y sur de Orange. Nuestra área de servicio abarca 4,100 millas cuadradas. Para ver un mapa de nuestra área de servicio visite a sdge.com/about-us.

En toda nuestra área de servicio se utilizan gas natural y postes de madera tratados para servicios públicos. De conformidad con la Proposición 65, se proporcionan las siguientes advertencias:

Combustión del gas natural

ADVERTENCIA: Entrar a esta área puede exponerle a sustancias químicas, entre las que se incluyen formaldehído, conocido por el estado de California como causante de cáncer, y monóxido de carbono, conocido por el estado de California como causante de defectos congénitos u otros daños reproductivos. Para obtener más información, visite a www.P65warnings.ca.gov.

Postes de madera tratados para servicios públicos

ADVERTENCIA: Entrar a esta área puede exponerle a sustancias químicas, entre las que se incluye pentaclorofenol, conocido por el estado de California como causante de cáncer. Para obtener más información, visite a www.P65warnings.ca.gov.

Do you have a disability or use a medical device requiring electricity for your health and safety? Let us know at sdge.com/AFN.

Need help with your energy bill?

You may qualify for a bill discount. Assistance programs help lower your monthly energy bill while keeping your home comfortable.

California Alternate Rates for Energy (CARE) Program: Save 30% or more every month on your bill. Find out if you qualify at sdge.com/CARE.

Las aplicaciones en línea son fáciles, rápidas y convenientes. Para obtener más información, visite sdge.com/asistencia.

COLD WATER, COOL SAVINGS

Washing clothes in cold water and taking shorter showers are simple ways to reduce energy use and help manage your energy bill.

Cut energy costs with our Vampire Energy Calculator

Did you know that your toaster or printer can use energy and drive up your bill even when you're not using them? Unused electronics and appliances that are left plugged in can silently consume energy throughout the day. This Vampire Energy, also known as standby or phantom energy, sucks up energy and wastes money.

Now we have a way to help you avoid these extra costs. Our Vampire Energy Calculator helps you identify and eliminate energy vampires. Armed with this knowledge, you can get in the habit of unplugging these energy vampires when you're not using them.

Visit sdge.com/SimpleSteps to try the Vampire Energy Calculator today and start saving!

Moving? Transfer your services online at MyEnergyCenter.com or on the My Energy Center app.

Start, transfer or stop services. It's convenient and only takes a few minutes - no calls, no waiting.

- Online scheduling shows earliest available dates
- If plans change, update your request online

Plus, there are more online services to make your move easy.

- Download Letters of Residency or Credit History
- Get help with other services like phone, internet and TV
