| 1) The total rates presented reflect the UDC rates associated with service under Schedule DR-LI and the generation rates associated with Schedule EECC. In addition, they include the line-item discount and exemptions from the CARE surcharge, DWR Bond Charge, and Wildfire Nonbypassable Charge as identified in Schedule E-CARE. The UDC rate-by-rate components presented are associated with service under Schedule DR-LI as presented in the utility's tariff book. |        |         |         |         |         |         |         |         |           |                       |                        |                                                    |                                    |                                |
| 2) Unbundled customers are those who take generation from other providers, such as Direct Access (DA) or Community Choice Aggregation (CCA). Unbundled customers do not pay SDG&E's commodity rates. The Total Energy Charge for an unbundled customer includes UDC, WF-NBC, DWR-BC and Power Charge Indifference Adjustment (PCIA) rates. PCIA rates by vintage are included below. Please see Schedules DA-CRS or CCA-CRS for more information regarding PCIA rates.      |        |         |         |         |         |         |         |         |           |                       |                        |                                                    |                                    |                                |
