*Service for Residential Customers with Electric Vehicles*

SDG&E provides additional options available for residential customers with electric vehicles. Schedule EV-TOU-5 CPP is SDG&E's residential rate with a basic service fee for customers with an electric car or who use electricity to run a natural gas home fueling pump. The car must be registered with the California Department of Motor Vehicles. This schedule provides a time-of-use option for residential customers who also choose to manage their electric costs by reducing their use when an event is called.

*Schedule EV-TOU-5 CPP - DOMESTIC TIME-OF-USE FOR HOUSEHOLDS WITH ELECTRIC VEHICLES provides domestic residential service for customers who own qualifying electric vehicles. Effective 10/1/2025*

Notes:
1) The total rates presented reflect the UDC rates associated with service under Schedule EV-TOU-5 and the generation rates associated with Schedule EECC-EV-TOU-5-P, in addition to the rates associated with Schedules DWR-BC and WF-NBC. The UDC rate-by-rate components presented are associated with service under Schedule EV-TOU-5 as presented in the utility's tariff book.
2) Unbundled customers are those who take generation from other providers, such as Direct Access (DA) or Community Choice Aggregation (CCA). Unbundled customers do not pay SDG&E's commodity rates. The Total Energy Charge for an unbundled customer includes UDC, WF-NBC, DWR-BC and Power Charge Indifference Adjustment (PCIA) rates. PCIA rates by vintage are included below. Please see Schedules DA-CRS or CCA-CRS for more information regarding PCIA rates.
3) Customers enrolled in Family Electric Rate Assistance (FERA) Program will receive a separate line-item bill discount of 18% applied to the total bill (less any minimum bill amount or base services charge) as calculated for bundled service customers.
